

TimeSharing Login and PTO Request Procedures

Rachel Lamb

Abstract

I am unable to share samples directly from my current position. My company is a federal contractor for the United States government, and our user guides are not public-facing documents. However, I have based the following procedures on the writing style we use in-house.

The following procedures use an app concept called TimeSharing, which would handle employee paid time off (PTO). I've built mockups of the app using the software Balsamiq Mockups, and I've used those mockups as images in these procedures. The first procedure instructs the user how to log in to the app. The second procedure details how to submit a PTO request using the app.

Login Procedure

After completing account configuration, you can log into the TimeSharing App. Logging in consists of two parts:

- 1 agreeing to the terms and conditions; and
- 2 entering your username, password, and multifactor authentication (MFA) code.

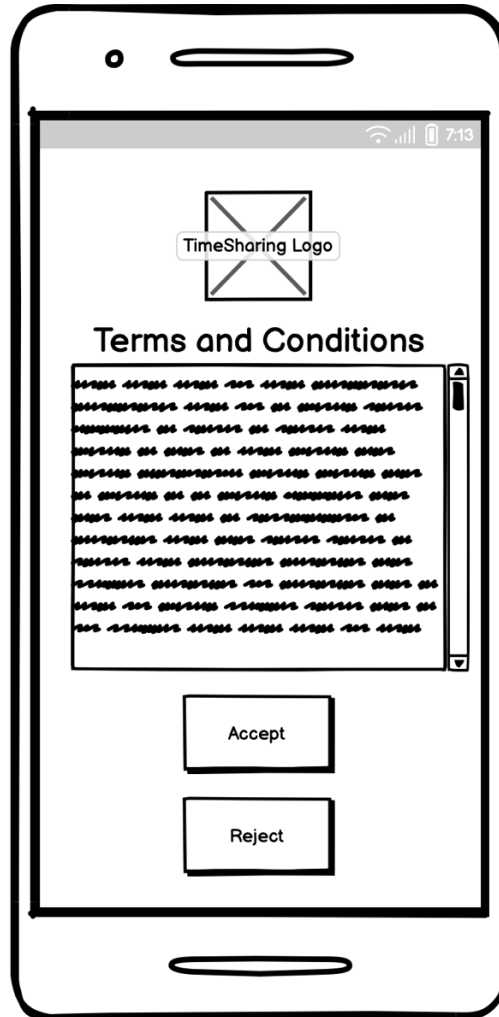

If you have not completed Account Configuration, please refer to *Account Configuration*.

To log in to the TimeSharing app:

- 1 Open the TimeSharing App.

The Terms and Conditions Page loads.

Figure 1. Terms and Conditions Page

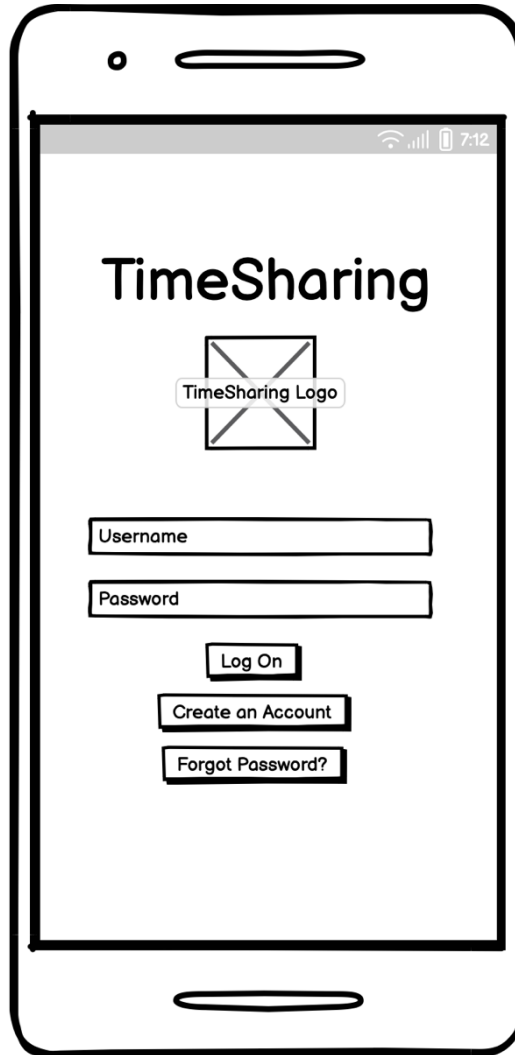

- 2 Read the Terms and Conditions, then click the **Accept** button.

WARNING: If you do not accept these terms, the TimeSharing App will load an Access Denied prompt and prevent you from accessing app content.

The Login Page loads.

Figure 2. TimeSharing Login Page

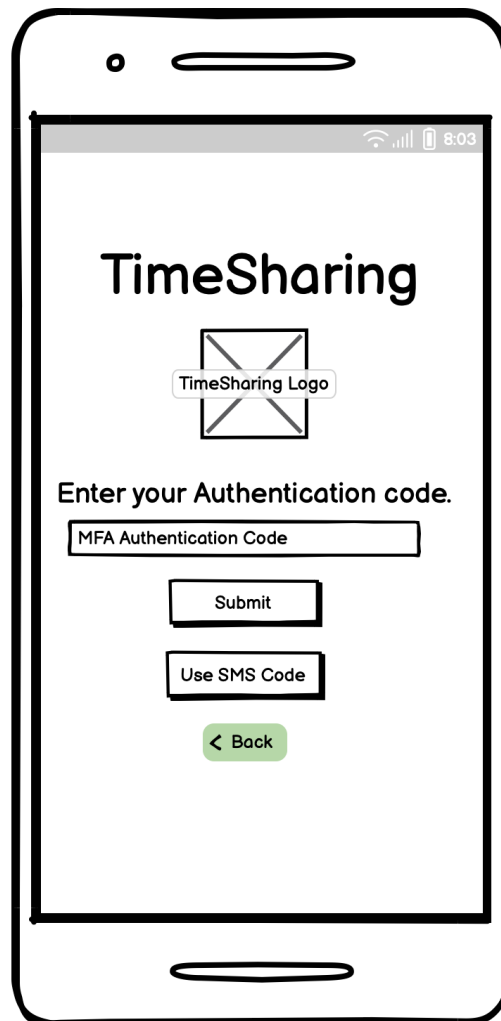

3 Enter your username and password.

4 Click the **Log On** button.

The Multifactor Authentication Page loads.

Figure 3. Multifactor Authentication Page

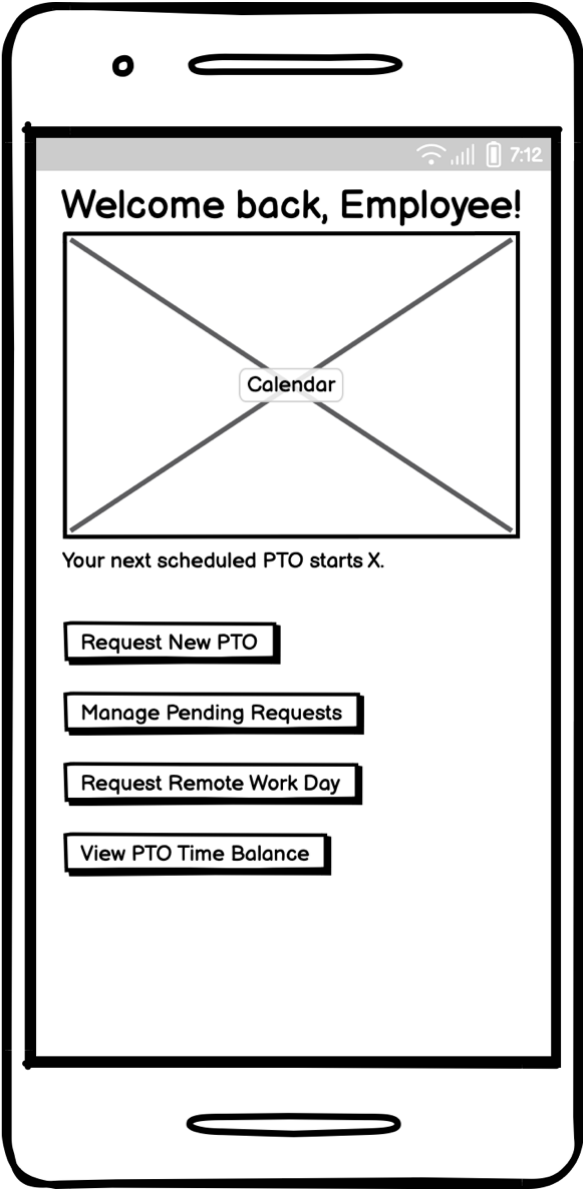

- 5 Enter your MFA code.

NOTE: If you do not have access to your MFA device, you can authenticate with a code delivered by SMS. For more information, refer to *Logging In Using an SMS Code*.

- 6 Click the **Submit** button.

The TimeSharing Home Page Loads.

PTO Request Procedure

The Timesharing App enables you to submit PTO requests directly to your supervisor.

To submit a PTO request:

- 1 From the Home page, click the **Request New PTO** button.

The New PTO Request Page loads.

Figure 5. New PTO Request Page

2 Select the appropriate type for your PTO request:

- a. Vacation/Paid Leave;
- b. Sick Leave;
- c. Jury Duty;
- d. Parental Leave; or
- e. Bereavement.

NOTE: This procedure uses Vacation/Paid Leave as an example.

WARNING: Requests for Parental Leave may require additional steps. For more information, please contact your Human Resources department.

3 Click the **Next** button.

The New PTO Request Date Selection Page loads.

New PTO Request

< Back to Home

You have X days of PTO available.

How many days of PTO do you need for this vacation?

3 Days

Select your vacation dates.

Start Date

End Date

Next >

NOTE: The New PTO Request Date Selection Page displays your current PTO accrual amount at the top of the page.

- 4 Select the number of days needed for your PTO request.
- 5 Using the **Start Date** calendar, select the day your PTO request will start.
- 6 Using the **End Date** calendar, select the day your PTO request will end.

NOTE: Your PTO days will only be applied to workdays, not to weekends or company-recognized holidays.

- 7 Click the **Next** button.

The New PTO Request Supervisor Note Page loads.

Figure 7. New PTO Request Supervisor Note Page

The image shows a mobile application interface for creating a new PTO request. The screen is titled "New PTO Request" in a large, bold font. At the top, there are two navigation buttons: a red button labeled "< Back to Home" and a blue button labeled "< Back to Date Selection". Below these buttons is a text prompt: "Describe your request to your supervisor." This is followed by a large, empty rectangular text-entry field. Underneath the text field is a checkbox labeled "Emergency". At the bottom of the form is a green button labeled "Submit". The entire interface is displayed within a black outline of a smartphone, which includes a status bar at the top showing signal strength, battery level, and the time 7:13.

TIP: If you need to edit your start date and end date, click the **Back to Date Selection** button.

- 8 In the text-entry field, describe your PTO request to your supervisor.

- 9 If the request is an emergency, select the **Emergency** checkbox.

TIP: Emergency situations include the hospitalization of you or a loved one.

WARNING: Marking a non-emergency request as an emergency is not permitted.

- 10 Click the **Submit** button.

The PTO Request Success Page loads.
